THE BUZZ AROUND CUSHIONX

"Playing pickleball on a CushionX court is a game-changer for me. The way it supports my joints makes every match more enjoyable. Plus, the installation process was so simple. I'm thrilled to have found a surface that's not just good for the game but also for my body."

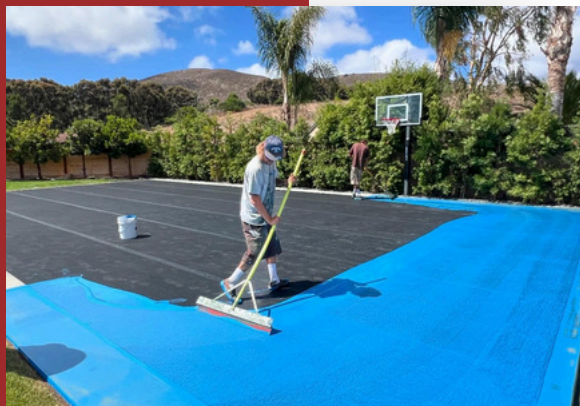

- Eric Decker, Former NFL Player

I've had the opportunity to play on various court surfaces over the years, but CushionX stands out as a game-changer.

The superior impact resistance has made a noticeable difference during long, intense matches. The surface absorbs impact incredibly well, reducing the strain on my joints, even after hours of play.

- Donald Young Jr., PPA Tour Player
